

Area Tax & Water Rates

*All rates are the most publicly available as of April 2018

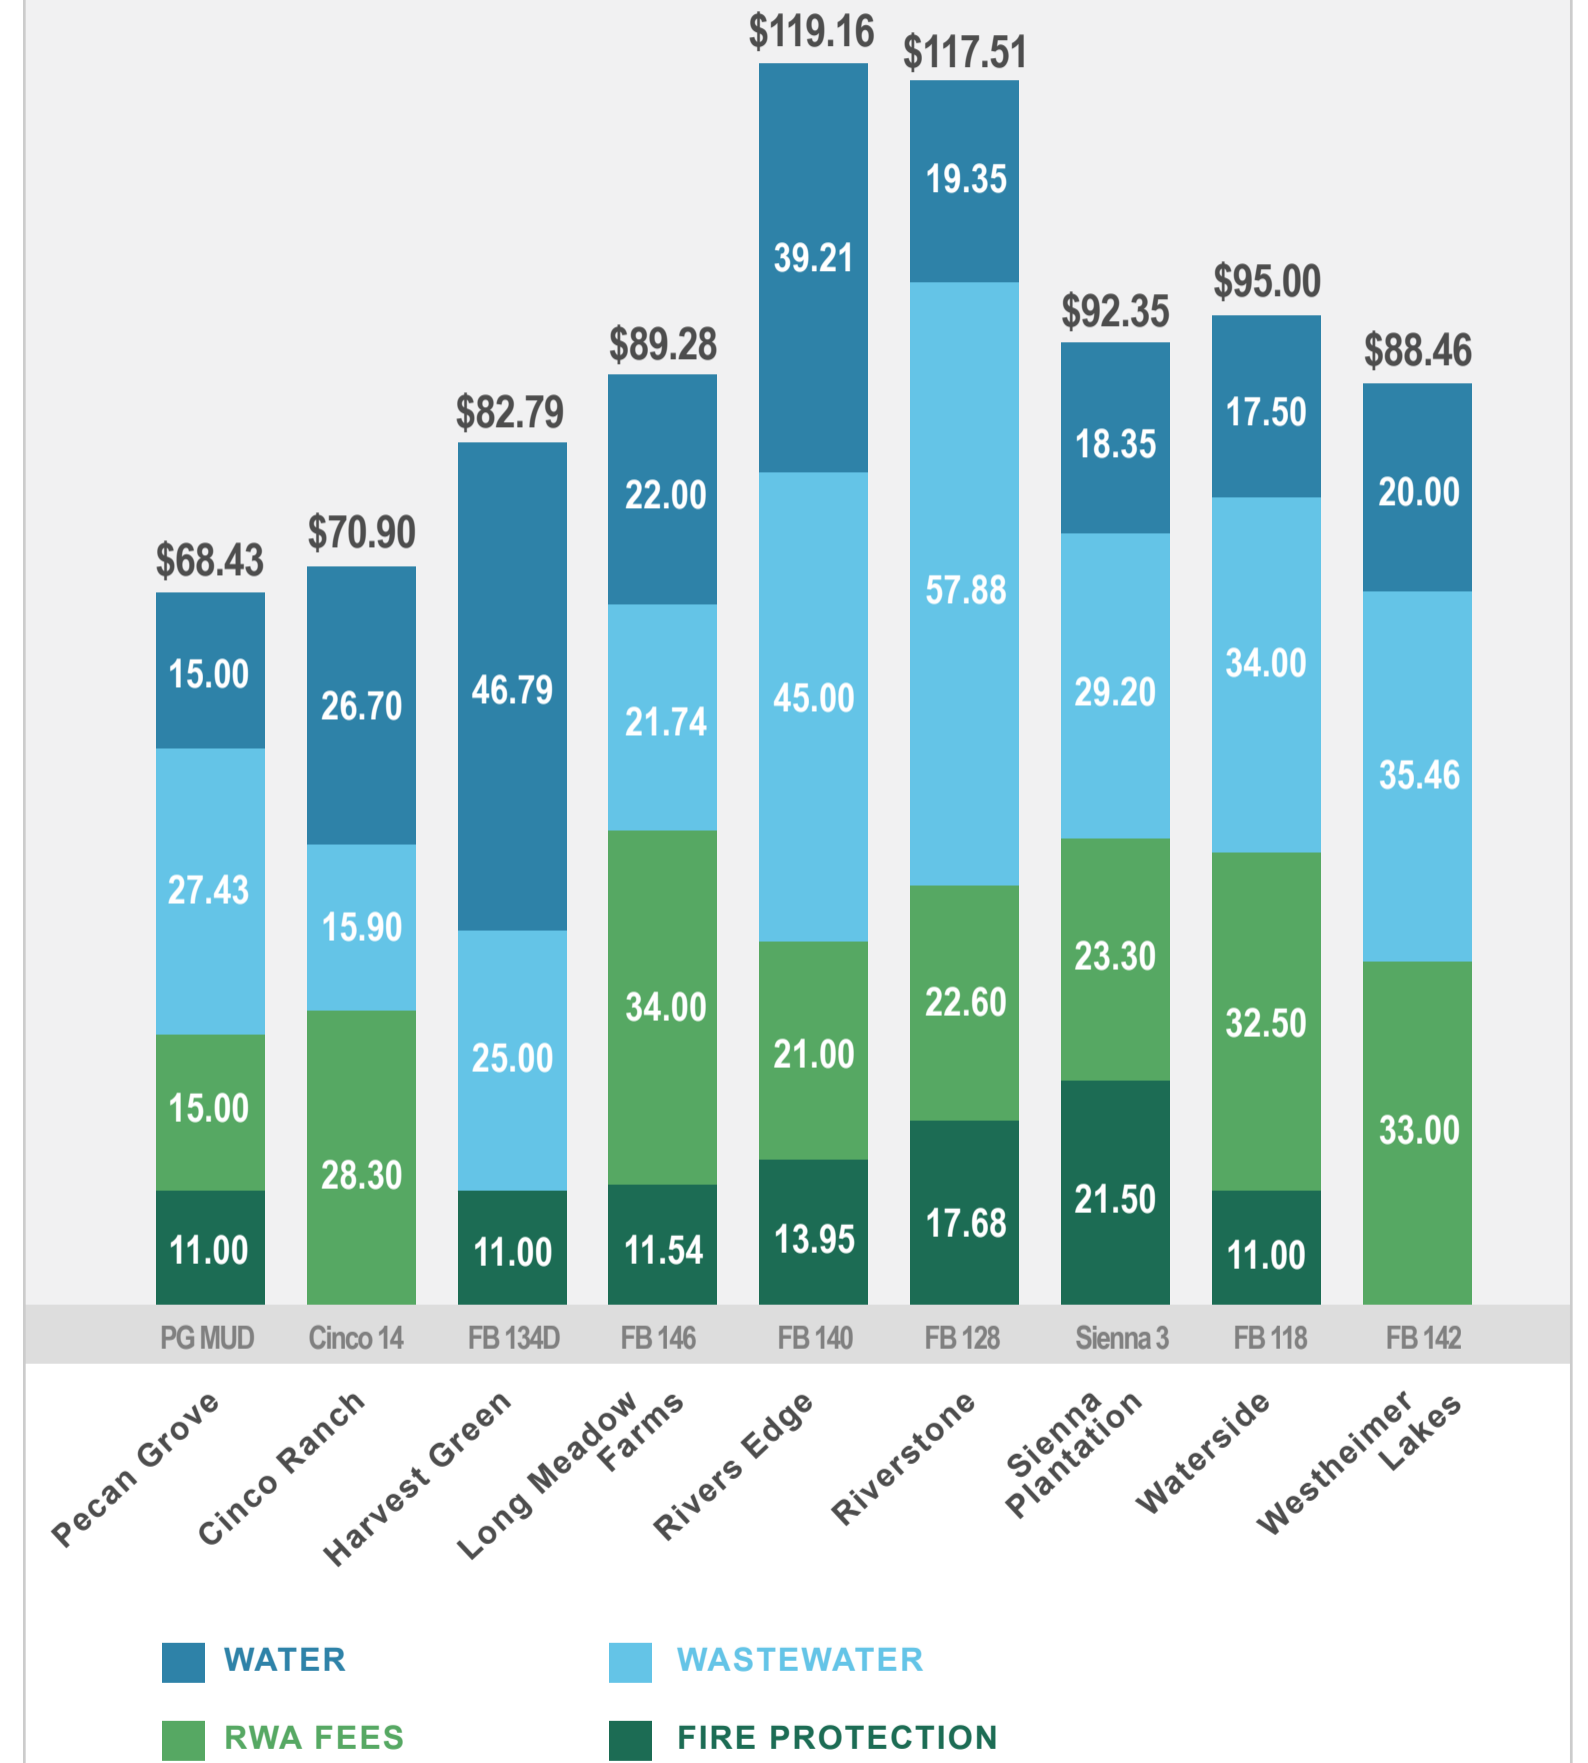

TAXES

District water, sewer, drainage & fire tax rates

WATER

Monthly water rates/ 10,000 gallons

What is this? A District has several components of their overall Total Tax Rate. This graph only includes the water, sewer, drainage and if applicable, fire services and contract tax. It does not include school district, county, city or other tax rates.

What is this? These are the monthly costs billed by the MUD or City for water, wastewater and other fees, such as fire protection and Regional Water Authority, for the average home that uses 10,000 gallons per month.
